AUTUMN 2020

COVID-19 UPDATE FOR THE
AUTUMN TERM

COVID-19
WORKING TOGETHER
FOR ALL OUR
CONSIDERATION

TO OUR PARENTS

It has been wonderful to welcome all our students back following the Lockdown and Summer Holidays.

Covid-19 is still a considerable concern for all our day-to-day lives and we continue to practice the protection measures that we installed in July within the school today. These measures will remain in place for the foreseeable future.

As a school we continue to closely follow Government guidance. We will continue to add to these plans as the situation develops and communicate these to our staff, students and parents.

This leaflet is designed to remind you of the measures that we are using within our school buildings.

STRATEGY

As a school we continue to emphasise the basic strategies of preventing the spread of Covid-19 by:

- Washing our hands
- Keeping a safe distance

As a school we are also:

- 1m demarcation throughout the school
- Socially distanced seating in classrooms and lecture theatre
- Sanitation stations (hand sanitiser, wipes and water point)
- One way movement of students between sessions to ensure social distancing & to limit the number of surfaces students interact with
- Ventilation of the classrooms
- Staff supervision outside key areas to ensure social distance is maintained
- Non-admission to students/ staff displaying any illness symptoms

NEW ADDITIONS

- Masks to be worn when moving around the building unless an Exemption is provided to the school office.
- Temperature checks for students, staff and approved visitors upon entry to the building
- Students issued with laptops to participate in remote learning on Blended Learning Friday
- Meetings with parents via Zoom or Microsoft Teams
- Deep clean of the building each half-term
